ANKIT PRASAD

Full Stack Developer

📍 Noida, India | +91-9589788215 | anprasad58@gmail.com | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Software Developer with 3+ years of expertise in scalable systems, optimizing workflows by 60% and reducing latency by 35%. Delivered high-performance solutions (99.8% uptime) in collaborative Agile environments.

TECHNICAL SKILLS

Python | JavaScript | TypeScript | Node.js | Express | MySQL | MongoDB | GraphQL | Microservices | AWS | Git | LLD | Linux | Docker | WebSockets | CI/CD Pipelines | Redis Caching

PROFESSIONAL EXPERIENCE

Full stack Developer | 01/2024 – 02/2025
Biomall (E-commerce) | Mumbai, India (Remote)

- **Designed scalable backend** system to handle high-traffic demands, reducing API latency by 30%.
- **Developed RESTful APIs** to automate workflows and inventory management, integrating **real-time alerts**, **third-party APIs**, and **analytics tracking—boosting team efficiency by 60%** and enhancing user experience.
- **Launched a user-centric product across multiple domains,** enhancing engagement by **45%**
- Improved conversions by **18%** by participating in **code reviews**, **debugging sessions**, and enhancing code readability and maintainability for global markets.
- **Pioneered strategic process optimizations**, implementing preventive measures and cross-team workflows that reduced system downtime by **20%** and accelerated incident resolution by **30%**.
- Deployed **multi-region CI/CD pipelines** for **cross-domain codebases**, cutting deployment time by **25%** and ensuring **99.8% uptime**.

Web Developer | 05/2022 – 12/2023
IxamBee (EdTech) | Noida, India

- **Developed & Revamped critical APIs** with security enhancements, achieving **25% faster response times and 50% fewer vulnerabilities** in core systems.
- Architected a high-volume coupon management system, optimizing performance to reduce processing delays by **30%**.
- Automated personalized email campaigns and content delivery, cutting manual effort by **40%** and increasing user retention by **15%**.

Web Developer - intern | 06/2021 – 08/2021
Freshworld (Job Portal) | Noida, India

- Collaborated on UI/UX redesigns, driving a **20% increase in user engagement** through intuitive design improvements.
- Strengthened platform security by overhauling authentication workflows, reducing unauthorized access attempts by **15%**.

PROJECTS

Mindryl-AI

- An **AI-driven** social and Event Management platform transformation tool powered **by Grok-AI, featuring smart AI-based post creation**, **dynamic feed system**, **payment system**, **real-time sockets**, **cron jobs**, **and structured logging** & **much more**.

EHR System for Clinics

- Developed a robust **Electronic Health Record (EHR) system** using **Node.js** and **MongoDB**, with a React-based frontend, ensuring secure and efficient patient data management.

DocuExtract - Intelligent Document Scanner

- A **Python-based Optical Character Recognition** (OCR) system using **Tesseract.js**, **Express.js**, and **MongoDB**, enabling accurate text extraction from images, scanned documents, and PDFs.

Food Ordering Platform (MERN Stack)

- Developed food delivery app with real-time tracking (Socket.IO) and Redux state management, cutting order processing time by 40%.

EDUCATION

Bachelor of Technology in Computer Science Engineering
Sharda University | Greater Noida, India | 2019–2023
